ABOUT ME

'"A determined and adaptable self-taught Front End Web Developer, passionate about continuous learning and professional development"

I am currently seeking an opportunity either full-time or as an intern to gain my first experience in the field in a company that wants to attract talented people. In return, I will offer my full commitment to collaborate with other members of the team while improving abilities as a Web Developer.

SKILLS

- **Languages:** HTML, CSS and JavaScript
- **Framework:** AngularJS
- **Libraries:** Bootstrap and jQuery
- Git and GitHub

EDUCATION

UDACITY
March 2019
[Nanodegree, Front-End Web Development](Nanodegree,_Front-End_Web_Development)
Projects:
- Portfolio: The goal of this project was to replicate a design mockup, displaying images, descriptions and links to each of the portfolio projects completed through the course as well as developing a responsive website using Bootstrap Library
- [Pixel Art Maker:](Pixel_Art_Maker:) The purpose was an interaction with the DOM by adding event listeners to implement a function that dynamically creates a grid that the user can interact with
- [Memory Game:](Memory_Game:) Focuses on DOM manipulation, variables and object-oriented programming

INTERESTS

🎨 **DESIGNING**   📖 **READING**

I have a keen interest in graphic design. In my spare time, I enjoy exploring Adobe Creative Cloud applications, such as Illustrator. Also, I enjoy reading nonfiction books
